

Planned Parenthood 100th Anniversary Prayer Vigil

In October 1916, Margaret Sanger opened her first birth control clinic in New York City, founding the organization that would later be renamed the Planned Parenthood Federation of America.

Planned Parenthood is now the nation's largest abortion chain. They are responsible for killing over 300,000 unborn children every year—nearly one third of all U.S. abortions.

Join the solemn prayer vigil at the Planned Parenthood center in our community, in solidarity with over 100 other vigils coast to coast on October 15.

As Planned Parenthood celebrates their 100th birthday, we'll remember all those who never got to have one, and pray for an end to abortion in our nation.
