

The Women's Center at 5116 N Cicero Ave is a fake crisis pregnancy clinic operated by *Pro-Life Action League*, an organization with an **anti-choice & anti-woman** agenda.

At The Women's Center, women are **lied to, manipulated & shamed**. They are misinformed about their reproductive choices, told that abortion and birth control are deadly & wrong, & not given any real help to deal with unintended pregnancy. They are given false information about contraception, STIs, adoption, abortion, & the resources available to them.

If a friend or family member is seeking accurate information about pregnancy, please don't suggest **The Women's Center!**

Call The Women's Center today to let them know you don't welcome them in your neighborhood!
