

GOVERNOR QUINN: You can't be Catholic and pro-abortion.

Today Illinois governor Pat Quinn is presenting the “Pro-Choice Leadership Award” at a luncheon fundraiser for Personal PAC, the state’s most powerful pro-abortion political group.

We’re here today protesting Governor Quinn’s involvement with Personal PAC. A professed Catholic, Quinn has ignored the bishops of Illinois, who have told him that his public support for abortion is incompatible with the Catholic faith.

PERSONAL PAC: Abortion is no answer for victims of rape.

At today’s Personal PAC luncheon, Governor Quinn is presenting an award to a woman who used her tragic story of being raped to help get him elected on a pro-abortion platform, though the woman did not become pregnant.

But as the attached flyer shows, abortion is no answer for victims of rape. Abortion only victimizes them further, and no child deserves to be put to death for the crimes of its father.
