

Albany Medical Surgical Center is an Abortion Clinic . . .

. . . and a blight on this neighborhood. For over twenty years this facility has enjoyed the hospitality of this community, while its primary business has been the brutal killing of unborn babies.

A Shameful Business—Right in Your Neighborhood

Albany specializes in **late term abortions**, which are opposed by over 70% of Americans. Many of the clients you see coming to this facility are undergoing a two or three day procedure to induce the delivery of a dead baby more than half-way through a pregnancy.

Albany also offers **Ru486 chemical abortions**, like the one that recently killed a 19-year-old California woman.

The State of Illinois has no laws requiring parental notice when a minor seeks an abortion. Many Albany clients are **teens** who come from Indiana, Missouri or Wisconsin to avoid their own state laws and their own parents.

Our research at the Cook County Circuit Court indicates at least **eleven malpractice lawsuits** against Albany. At least four women have died there due to the negligence of the Albany staff.

Help Shut Down the Abortion Clinic in Your Midst

Wouldn't you like to rid your neighborhood of this killing center? Contact the Pro-Life Action League to find out how you can **get involved** in the effort to shut down Albany abortion clinic.

Join your neighbors and concerned citizens from across Chicagoland for a **24-hour prayer vigil** starting Saturday, Nov. 22 at 8:00 a.m. in the parking lot at Carmen and Elston across from Albany. Come and pray at the foot of the three-story Our Lady of the New Millennium statue that God will rid your neighborhood of the Albany clinic and rid this nation of abortion.
